PROFESSIONAL DEVELOPMENT TRAINING COURSES

Reading and Understanding Mining Company Reports

Location:	Date:
PERTH	24 September

Course Content

This one-day introductory course has been designed for non-professionals investing in the mining industry. Key geology, mining, processing and resource concepts are explained. You will learn how to interpret mining, processing, mineral resource and exploration results in stock exchange company announcements. Find out or refresh your knowledge on what is involved behind the scenes, and learn about the key risks implicit in mining projects.

The key concepts covered are:

Geology

An introduction to major commodities and ore types
Key concepts geologists use to explore for new deposits

Mining Methods

Open Pit Mining
Underground Mining

Processing Methods

Generalised processing methods and the ore types to which they are applied

Drilling and resource estimation

Simple explanations of major drilling and sampling methods and when they are used
What is behind a resource or reserve estimate and the principal risks

Stock Exchange reporting of resources and reserves

Key requirements of the code and what should be reported on the stock exchange
Definitions of exploration results, minerals resources and ore reserves
How to extract and interpret key geological information from stock exchange reports
How to spot non-compliance, including a simple checklist you can take with you

Types of Mining Studies

Scoping
Pre-feasibility
Feasibility

Terminology

Presenter

Jeremy Peters - Principal Consultant - Mining

BSc (ANU) BEng (WASM) Currently studying - MEng (Mining Management, UNSW), First Class mine managers' Certificate (WA), Unrestricted Mine Manager's Certificate (NT), Restricted Shotfirer (WA)

Jeremy has more than 19 years experience as an Engineer and Geologist, with a background in open pit and underground gold, iron ore and base metal and nickel mines. He also has exploration and mine geology experience in Iron Ore, Gold, Base Metals, Nickel and industrial minerals in the Pilbara, Yilgarn, the NT and Far North Queensland of Australia. He has consulted as a mining engineer and geologist in Papua New Guinea, the Mediterranean, Russia and North Africa internationally.

Fees

Payment required at time of registration

Each course costs \$1,430 + GST per person. This fee includes comprehensive course notes, refreshments and lunch.

Please note: a 5% discount is offered for payments made by credit card

Mentoring - Learn while working on your own data or project.

Snowden provides one-on-one technical mentoring to help develop your knowledge, skills and experience.

Our consultants will guide you to use due process *while you work on your own data or project*.

Take advantage of Snowden's 23 year knowledge and skills base to help fast-track your technical knowledge.

On-site customised courses

All our courses can be customised to suit your specific training requirements and presented either on-site or at a venue of your choice. Please contact Diana Titren, Training Manager, on +61 8 9211 8670 or training@snowdengroup.com for further information.

Contact and registration

For more information on Snowden's Training and Mentoring programmes, please contact Diana Titren, Training Division Manager, on +61 8 9211 8670 or training@snowdengroup.com

To register, please complete the following form and fax it to Shannon Aitken, Training Coordinator, on FAX +61 8 9322 2576 or EMAIL to training@snowdengroup.com

Please visit www.snowdengroup.com for more information about our training courses
